GENERAL USE WARNINGS:

1. This product is not intended for non-smokers. Do not use if you currently don't smoke tobacco or vape.
2. Do not allow others to use your device at any time.
3. Keep all directions for future use and use only as instructed.
4. Electronic cigarettes, personal vaporizers, and e-liquids are not approved by the FDA.
5. This product is not a smoking cessation device nor is it intended to be one. If you are trying to quit smoking or vaping please consult your doctor.
6. You must be of legal smoking age in your jurisdiction to use this product.
7. Do not drink the e-liquid.
8. Do not use while driving.
9. Vape outdoors and away from the vicinity of humans and pets.
10. Not recommended to be used above 2000m altitude.
11. Do not modify or attempt to disassemble this product.
12. Do not attempt to fix, correct, replace or install any part of the vaping apparatus.
13. Use Mylé® battery device exclusively with Mylé® pods; using unauthorized pods may cause an explosion.
14. If you hear anything unusual from the device immediately stop using it and return to your retailer.
15. Dispose according to local laws. If a facility is unavailable return the used product to your retailer.
16. Use this product in moderation, especially your first time. Failure to do so may cause nicotine overdose which can lead to an irregular heart beat and other symptoms.
17. Drink at least 8-cups of water daily. Nicotine is a vasoconstrictor and water aids your body to metabolize the nicotine.
18. Vape away from the vicinity of people and pets. The effects of second hand vapor have not been scientifically confirmed.
19. **KEEP AWAY FROM CHILDREN, TEENS, AND PETS.**
20. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Children should be supervised to ensure that they do not play with the appliance.
21. Do not use or charge with existing health problems.

DEVICE AND BATTERY WARNINGS:

1. **WARNING:** batteries are volatile. Any battery may burn or explode with improper use. Do not use or charge with non-approved devices; use exclusively with Mylé® charging device. Overuse of vaping apparatus may cause this product to overheat, malfunction, and/or may cause burns.
PLEASE NOTE: CHARGING THE BATTERY DEVICE WITH A VOLTAGE GREATER THAN 5 VOLTS DC MAY RESULT IN EXPLOSION AND SERIOUS

INJURY MAY OCCUR FROM SUCH IMPROPER USE.

2. The proper USB supply connection should not be greater than 5 Volts DC. DO NOT CHARGE DEVICE WITH A VOLTAGE GREATER THAN 5 Volts DC (otherwise referred to as 5VDC). Indoor use only when charging. Device must be supplied by source utilizing safety extra low voltage ("SELV").
3. Keep away from high heat, direct sunlight, cold temperatures, humidity and water. Injury or death can occur.
4. When charging keep away from flammable areas such as but not limited to wood floors and carpets. Always use a fire resistant container or bag.

5. Always have a fire extinguisher in an event of a fire.
6. If battery or device looks damaged, do not use.
7. Do not expose the battery to direct sunlight.
8. If you witness the battery starting to balloon, swell up, smoke, or become very hot. Immediately disconnect the power to your home or office from the circuit breaker. If a circuit breaker is unavailable, disconnect from outlet. Do not approach the battery for at least 2 hours and make sure that the room is ventilated.
9. Never drop, damage, or tamper with the battery device.
10. Never attempt to charge directly from the wall outlet. Always use a surge protector.
11. Do not throw batteries into fire.

12. Do not connect improperly.
13. DO NOT USE ANY CABLE OTHER THAN THE ONE PROVIDED TO YOU TO CHARGE YOUR DEVICE.
14. Do not carry or store batteries together with a metallic necklace, in your pockets, purse, or anywhere else where they may become exposed to metals.
15. Keep away from children and pets. Should a child/pet swallow or chew on a battery, immediately consult a physician and or call your local Poison Control Center.
16. Unplug the charging apparatus in between uses.
17. Please recycle or dispose according to local law.
18. Failure to follow warnings may result in electric shock, fire, burns, property damage, or bodily injury.

INNOVATIVE DESIGN

The Mylé® Nicotine Delivery System is built using the latest and most advance technology to date, featuring a sleek design to match.

DIVERSE FLAVORS

Mylé® offers a wide and diverse range of refreshing flavors, including a mix of ingredients that you've never tasted before!

PREMIUM QUALITY

The Mylé® Nicotine Delivery System is designed to be durable and long lasting with all flavors developed using the finest ingredients.

How to Charge

1. Micro USB Cable, insert Micro USB Cable into battery.
2. When battery is on green LED Light will turn on.
3. When battery is fully charged 3 green LED lights will turn on.

How to Fill Empty Pod

1. Remove Pod Cover to Fill Liquid. Remove silicone stopper, bearing a triangle sign. Fill liquid into pod.

2. 0.9 mL liquid maximum fill. Press the silicon stopper back into the hole for a proper seal.

- After filling liquid, make sure stopper is properly sealed to prevent any leaking.
3. Allow at least 2 minutes for the coil to absorb the liquid.
4. 1.8 ohm coil, for best performance use 50vg/50pg liquid.

This product used together with Mylé® pods can expose you to chemicals including nicotine which is known to cause birth defects or other reproductive harm and can also expose you to chemicals including diacetyl and formaldehyde (as a byproduct) which are known to cause cancer.
